

Graduation Photography Guide

Oxford Graduation Sessions by Anthony Sajdler Photography

Congratulations on your graduation

Graduation is a major milestone, and the city provides a beautiful backdrop to mark the occasion. This guide explains how my sessions work, what to expect on the day and how to make the most of your time.

My approach is relaxed, efficient and professional, ensuring you enjoy the experience whilst receiving high-quality images to keep forever.

What to Expect

We usually meet outside the red phone box next to the Sheldonian Theatre. I'll be wearing a lanyard so you can spot me easily.

From there we'll walk to some of Oxford's most iconic locations, including the Radcliffe Camera and Bridge of Sighs. Longer sessions can also include your college – please remember to bring your alumni card so we can access college grounds.

I'll guide you throughout – relaxed direction, natural expressions, no awkward posing.

Sessions are designed to be efficient, enjoyable and well organised, so you can focus on celebrating the day.

Choose the Right Session

The Radcliffe

45 Minutes - £150

Ideal for individuals or couples who would like a focused set of classic Oxford portraits.

The Sheldonian

90 Minutes - £200

Perfect if you'd like a mix of individual photos and images with family or friends, with more variety of locations.

Bridge of Sighs

2+ Hours £250

A great option if you'd like to join up with friends.

I'll photograph you together as a full group, in smaller combinations, and individually, so everyone receives their own portraits as well as shared images.

This allows you to properly capture the day while also splitting the cost between you.

All packages include all edited images from your session, no hidden costs or additional image fees

After the Shoot

Your edited images are delivered via a private online gallery.

- Guaranteed within 5 working days
- Often within 48 hours outside peak season
- Easy individual or full gallery download
- Simple sharing with friends and family
- Gallery live for 2 weeks

To secure your date, email hello@anthonysajdler.com and I'll take care of the rest.
